“Diadema Wine Bar & Restaurant”

Diadema Wine Bar & Restaurant is the heart of our wine Resort with pool in Chianti and it takes its name from our wine production of which the Diadema is the highest expression.

The restaurant and its wine are born with respect for the territory: the Tuscan culinary culture here becomes art, offering a seasonal menu and vegetables from the resort's kitchen garden to ensure guests only fresh and high quality products. In the estate, the land is cultivated with respect for tradition following the rules of organic farming. This method guarantees a great selection, a refinement of raw materials and a variety of excellence, reflecting, even in the kitchen, the care and attention paid to the customer.

From the fields to the table, therefore: the products of our land are valued in an original way preserving the authentic flavors. The combination of dishes with the prestigious wines of our winery is a must. A combination in which passion, tradition, creativity and research meet, once again, to amaze and fascinate even the most demanding customers.

The restaurant of our food resort in Tuscany offers welcoming and elegant solutions for both lunch and dinner, depending on your needs, focusing on typical Tuscan specialties revisited with innovation and skill by our chefs: the classic ribollita, panzanella, peposo, the fresh pasta made with ancient grains and the truffle are just some of the precious elements that stand out from the menu. Guests can start the day with a tasty breakfast buffet or à la carte full of cakes, jams and bread produced on site, fresh seasonal fruit, cheese and a selection of sausages. They can also enjoy an informal aperitif, a break by the pool or, more simply, they can take a coffee at the bar, as to stick to the Italian tradition.

“The Cellar”

Made with care and skill from a rigorous selection of the juiciest grapes. Awarded prizes and reviewed with praise by the most critical experts. Rich, intense and elegant, our signature Diadema wines are perfect relished with a tasty Tuscan meal, and marvelous enjoyed on their own, slowly, gazing at the hillside.

One of Relais Villa Olmo's mainstays, our wines are now at our guests' fingertips, all to be discovered and savored among the oak wood casks and fabulous terracotta earthenware, right where they come to life.

Newly restored, the Wine Cellar of our relais winery in Chianti offers a variety of unique opportunities to spend memorable moments in the magical realm of wine.

There are countless options for wine-related activities in the Cellar of our Resort in Chianti, such as witnessing the hand-labeling process of our precious glistening Swarovski line bottles, mastering the art of wine tasting with a sommelier, appreciating the different flavors of Tuscany's premium olive oils with a connoisseur, and learning to make your own blend with an enticing wine-making adventure led by our experts.
